event that is open to  
everyone, discover Marseille  
and its history connected to  
MRI.

Date: 2025/10/08

Time: 6pm

Departure: Palais du Pharo

## ESMRMB 2025 8-11 October MARSEILLE

41<sup>st</sup> Annual Scientific Meeting

ESMRMB

European Society for Magnetic Resonance in Medicine and Biology

# EVENT DESCRIPTION

Marseille's polarizing image has been shaped by countless films from the 1950s to the 1970s. But there is much more to this city, as Claude Schopp beautifully describes in his preface to *The Count of Monte Cristo*: "*Marseille, [...] the meeting point between sea and land, corrupt society and infinite freedom, the ivory door leading from the real world to a dream.*"

ESMRMB 2025 invites you to take part in an MRI-themed tour around the conference venue that will challenge your problem-solving skills and ignite your curiosity—all while discovering Marseille and its connection to MRI. And what better way to foster international and intergenerational exchange than by putting your heads together for a collaborative adventure?

## Where and when ?

Let's meet at Palais du Pharo at 6:00 pm on October 8th 2025.

# ACTIVITY OVERVIEW

You'll be assigned to a team, and together you'll solve riddles scattered across various locations in Marseille to uncover the optimal MRI sequence parameters. The adventure will conclude with a social gathering near le Vieux Port where delicious drinks and refreshments await to celebrate your achievement.
